SRI CAPABILITIES AND EXPERTISE

At 1919 Investment Counsel our multi-dimensional approach to socially responsible investing has been refined over the past 45 years. Our research-driven, fundamentally-based investment approach is conducted by a team of 12 investment professionals which includes 3 social impact analysts who utilize a rigorous research process from an SRI, Environmental, Social and Corporate Governance (ESG) and Catholic values perspective.

ABOUT OUR SRI/ESG PROCESS

Our comprehensive process includes:

- **Negative Screening:** Eliminating companies whose products and/or activities do not meet the guidelines established by the United States Conference of Catholic Bishops.
- **Positive Impact Research:** Employing our proprietary positive-impact analysis to identify companies that are contributing positively in terms of our socially responsible guidelines and mandate.
- **Corporate Engagement:** Proactively communicating with the management of our portfolio companies to encourage positive social change.

Companies in our portfolio are then monitored to ensure they meet both our socially responsible and fundamental criteria on an ongoing basis. ■
